Initial Setup for SC7-SUB: *(scan the applicable sections)*

I. Setup USB Mode:
   a. Connect the scanner to a USB port directly on the computer (not through a USB hub).
   b. Depending on the operating system used, scan the appropriate USB HID barcode mode:

   ![Barcode Image 1](USB HID (PC))

   OR

   ![Barcode Image 2](USB HID (MAC))

II. Enable all barcode types (symbologies):

   *All Symbologies*

   ![Barcode Image 3](All Symbologies On)
